

Listening Walk

Using your ears can you go on a listening walk?
Get a grown up to write down everything you can
hear.

Listen carefully.

Can you hear...

A clock. Is it tick tocking?

The wind. Is it saying 'whoooooo'?

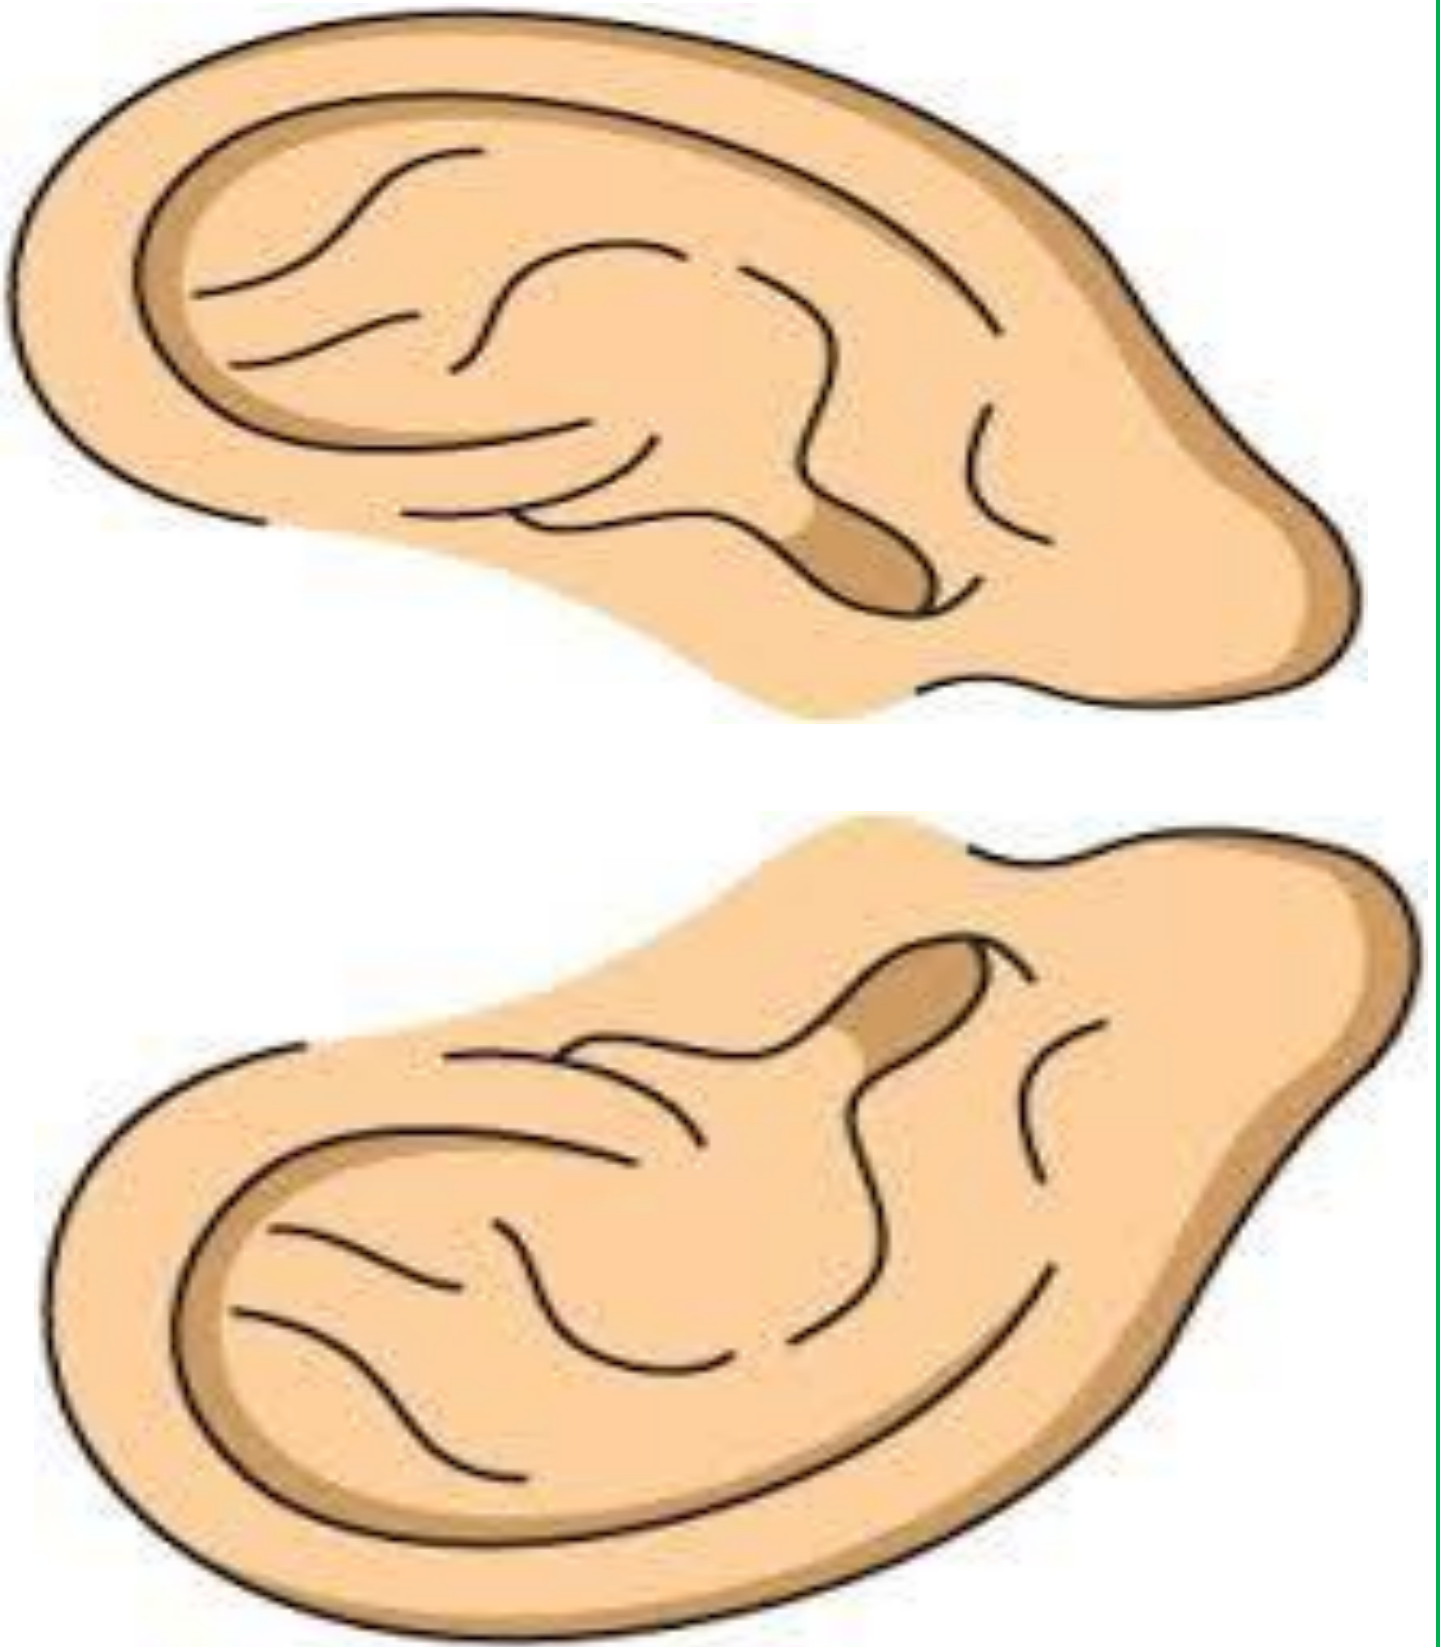

A car. Is it saying vroom?

A bird. Is it saying 'tweet, tweet, tweet'?

A dog. Is it barking?

Put on your listening ears and off you go!
Maybe you could bring in your list of sounds you heard
to tell us all about?
